

ALYSON NEIGHBORS

WEB DESIGNER AND DEVELOPER

ABOUT ME

I will be an asset to your team, I am dedicated, hardworking, and a quick learner. I decided to pursue my true passion in life-computers, after being a radiologic technologist for several years. My passion for my new career choice will be obvious in my work output. I can't wait to come work for you and help your company with the knowledge I have and further expand my skill set by learning from fellow employees.

WORK EXPERIENCE

HealthCare Express | Radiologic Technologist **November 2017-Present**

Key responsibilities:

- Take quality diagnostic images
- Run daily and monthly QC for the clinic
- Counted inventory and ordered supplies for the clinic
